Index to SIGNAL

Volume XX

September 1965 thru August 1966

TITLE INDEX	Issue No.	Page
A		
1. AFCEA's New National Officers . . . Serving for the First Time	5	42
2. AFCEA Officials for 1966-1967	12	67
3. AFCEA Sustaining and Group Member Capabilities Directory	5	46
4. AFSCM 375-5 System Management and Coordination Process	4	30
5. ASWEPS Program, The	2	17
6. Advanced Planning (ESD)	8	36
7. Age of Integrated Communications, The	5	18
8. Air Defense System Reliability	5	39
9. Air Force Logistics Command	8	52
10. Alaska Thanks Amateurs	12	66
11. Alden Oceanographic Capabilities	2	70
12. All-Over Management Aspects in the Design, Development and Acquisition of Command and Control Systems	12	16
13. Amateur Radio: A National Resource	9	60
14. Applications of Instant Photography	9	81
15. Autodin and Autovon . . . Management and Implementation	7	28
16. Autodin . . . World-Wide Automatic Digital Network	7	14
17. Automation in the Air Force Command and Control Process	12	9
18. Autovon . . . Inception to Implementation	7	9
B		
19. Bits *vs.* Bauds	10	46
20. Blackout	9	31
21. Brief History of Oceanography, A	2	26
22. British GPO Turns to Electronic Switching	3	35
23. Broadband Communications Services	12	57
24. Broadband Transmission Techniques	12	44
25. By Way of the Sea	2	6
C		
26. Chief Scientist's Look at the Defense Team, A	11	15
27. Civil Engineering (ESD)	8	44
28. Command Control & Communications Systems: Yesterday and Today	9	70
29. Command & Control History (ESD)	8	55
30. Command Systems (ESD)	8	18
31. Communications by Satellite	9	92
32. Communications Compatibility—Present and Future	5	7
33. Communications Experts Propose "Voice of Peace"	5	44
34. Communications in the Army Reserve	6	47
35. Communications Must Be Mobile	3	36
36. Communications Problems of the Oceanographer	2	21
37. Communications Report From Red China	4	37
38. Communications Systems (ESD)	8	30
39. Communications With Our Satellite Among the Stars	3	8
40. Computers: The Heart of Automation	5	26
41. Created Industry in Oceanography	2	76
D		
42. Data Communications — Key to the "Third Generation"	9	87
43. Decision Sciences Laboratory (ESD)	8	42
44. Deep Ocean Technology	2	36
45. Defense Contract Audit Agency, The	10	36
46. Digital Transmission Systems	12	49
47. Directorate of Integration (ESD)	8	34
48. Display Hardware for Dynamic Man-Machine Interaction	11	54
49. Display Software Technology	11	66
50. Distributed Communications Using Random Access Discrete Address	9	72
E		
51. ECOM in the Pacific	1	27
52. EIMAC Joins Varian	4	40
53. Education for Careers in Oceanography	2	59
54. Effect of Analogue Communication in the Tactical Environment	11	78
55. Effect of Modulation Systems on Range/Energy Requirements, The	11	81
56. Electromagnetic Compatibility Analysis Center	8	45
57. Electronic Data Processing Equipment Office (ESD)	8	50
58. Engineering and Technology (ESD)	8	38
59. Error Correcting Codes in Digital Communications Systems	3	26
60. Executive Orientation Program (ESD)	8	41
61. Expanding Military Use of Commercial Microwave	9	36
F		
62. Family of Computer Controlled CRT Graphic Displays	11	62
63. From the Commander, ESD	8	14
64. Fuel Cells in Space	3	46

TITLE INDEX	Issue No.	Page
65. Future Developments in Commercial Overseas Data Transmission	10	20
G		
66. GEEIA—A World-Wide Operation	3	42
67. GEEIA—Ground Electronics Engineering Installation Agency	8	53
68. General Electric Panel Introduction	11	72
69. Glass: The Deeper it Goes, The Stronger it Gets	2	78
70. Global Communications	1	30
H		
71. Hanscom Complex, The	8	54
72. Hardware/Software/Communications Considerations	12	12
73. Historic Ceremonies Inaugurate Commercial Service Via Early Bird	1	22
I		
74. Improved Soldering by Fuel Cell Concepts	1	38
75. Increasing Importance of Military Communications, The	10	12
76. Inside Cheyenne Mountain	4	43
77. Introducing Rear Admiral Odale D. Waters, USN, The Navy's New Oceanographer	2	15
78. Introduction to SSB Techniques for Civil Air/Ground Communications	1	6
79. ITU Secretary-General Greets Amateurs	1	46
L		
80. "L" Systems, The	8	9
81. Large Screen Displays as a Machine to Man Interface	11	43
82. Lasers Can Do It Now	9	68
83. Last Frontier—Our Oceans, A	2	23
84. Limited War (ESD)	8	35
85. Limitless As The Skies	12	7
86. Litton Industries' Activities in Oceanography	2	74
87. Lockheed and the Oceans	2	75
88. Long Range Planning of the DCS	7	36
M		
89. MAS-101 — The System with Character (Modules)	10	36
90. Magnetics as an Oceanographic Measurement	2	79
91. Maintenance—A Potent Force of Logistics	6	23
92. Major Armstrong—FM Pioneer	7	39
93. Management of the Radio Spectrum: The Dilemma of Dual Control, Part I	6	39
94. Management of the Radio Spectrum: The Dilemma of Dual Control, Part II	7	43
95. Maynard Cameron Morris, 3ML — Radio Pioneer	6	29
96. Medical Factors in Diving Safety	2	44
97. Message from AFCEA's President	3	7
98. Message from AFCEA's President	9	9
99. Message from the Commander AFSC, A	8	13
100. Message from the President of the United States, A	11	7
101. Microwaves at the Pole	4	19
102. Military Academy Awards	12	81
103. Miniature Refrigerator Opens New Possibilities for Cryo-Electronics	1	10
104. Mobile Satellite Communications Terminal	3	12
105. Modern Analogue Transmission System—L4	12	44
N		
106. NCS Progress Report	9	64
107. Naval Communications and the Southeast Asia Crisis	5	10
108. Naval Communications Needs	6	9
109. Naval Communications—1966	9	29
110. Navy Research at Sea	2	56
111. Navy's Role in Oceanography, The	2	11
112. New Look at Receiver Design for the High Density Tactical Communications System, A	11	86
113. New Subminiature Teleprinter for Mobile Applications	12	41
O		
114. Oceanographic Instrumentation	2	32
115. Oceanography and the National Destiny	2	71
116. Oceanography and National Welfare	2	8
117. Oceanography at Atlantic Research	2	73
118. Oceanography Moves Forward	10	9
119. Our Challenge: The Communication of Content	11	22
P		
120. Parameters to Determine Feasibility and Adequacy of Tactical Communication Systems	11	73
121. Place of Western Union in the Information Revolution, The	4	13
122. Possible Broadband Systems of the Future	12	52
123. Potentialities of Digital Communications in the Tactical Environment	11	75
124. Presenting AFCEA's New Directors—Class of 1969	3	48
125. Professional Army and the Radio Amateur, The	9	40
R		
126. R&D Liaison	3	15
127. Racal Introduces "Speedrace"	1	34
128. Radio Navigation Comes of Age	9	48
129. Random Access Discrete Address Systems for the Tactical Environment	11	84
130. Retire or Retread	10	17
131. Role of the Private Institution in Oceanography	2	50
S		
132. SSB Techniques for Civil Air/Ground Communications	1	6
133. Satcom's Role in the Defense Communications Satellite Program	11	89
134. Satellite Communications Revolution, The	6	6
135. Satisfying the Need	9	10
136. Sealab II	2	48
137. Signal Battalion of the French Infantry Division, The	6	19
138. Soviet Approach to Oceanography	2	41
139. Space Program and the Role of Communications-Electronics, The	11	34
140. Special Message From the Chief of Naval Operations, A	2	10
141. Sperry's Role in Deep Submergence	2	77
142. Standardized Approach to Systems Engineering, A	4	41
143. Statement from the Chief of Staff, A	8	11
144. Statement from the Secretary of the Air Force, A	8	10
145. Strategic Army Communications: Some Problems and Solutions	9	76
146. Submarine Cable Development and Oceanography	2	68
147. Sunbeam Electronics' New Aerospace Facility	3	32
148. Surveillance & Control Systems (ESD)	8	22
149. Systems Design Laboratory (ESD)	8	40
150. Systems Effects of Modulation Schemes in High Density Tactical Radiocommunications	11	72
T		
151. Tomorrow's Space Electronics	5	14
152. Toward Tomorrow	7	49
153. 20 Year History of AFCEA, A	9	95
154. 2000 Years of Insurgency . . . And a Counter-Insurgency Force	12	36
U		
155. USAEPG Supports Combat Readiness	4	8
156. United States Air Force Panel Conclusion	12	20
157. United States Air Force Panel Introduction	12	9
158. USAF CED—A Vital Stepping Stone to the Future, The	10	33
159. User Looks at Automation, A	12	10
V		
160. Vietnam	7	7
161. Visual Information Display Systems — A Critical Machine to Man Link	11	43
W		
162. World-Wide Telemetering-Buoy Systems	2	72

Authors' Index

The numbers in the listing below refer to the numbers of the Title Index on pages 73 and 74.

A

Abel, Robert B. 131
Alden, John M. 11
American Telephone and Telegraph Company 24
Arant, Lt. Col. Albert F., USAF 88
Arnold, Lt. Col. E. R., USA 75
Arnold, J. T. 90
Ashford, D. A. 65

B

Bachtel, Lt. Col. Charles L., USA 8
Bailey, Stuart L. 117
Baird, W. J. 25, 80, 85, 135, 160
Bates, Dr. Charles C. 53
Berger, L. E. 72
Bond, Capt. George F., USN, M.D. 96
Bondon, Lewis A. 162
Bourcey, Lt. Col. Robert A., USAF 16
Boyd, Dr. J. A. 134
Bradburn, Ralph C. 4
Brown, The Honorable Harold 144
Brown, Raymond Frederick 127
Byrnes, B. C. 110

C

Chadwick, Dr. Joseph H. 141
Cheatham, Dr. Thomas P., Jr. 32
Cherne, Leo 119
Clotworthy, John H. 115
Collins, George 49
Cryer, J. M., Jr. 59

D

Daniels, Alexander 103
Day, Richard A. 19
Dodington, Sven H. 128
Duncan, C. C. 146
Dupré, Frits K. 103

F

Frank, Lt. Col. F. J., USA 154
Freedman, Commander Samuel 74

G

Gallery, Rear Admiral P. D., USN (Ret.) 5
General Electric Company 150
Getty, Hugh R. 50
Gibbs, Maj. Gen. David P., USA 7, 125
Gifford, Richard P. 68
Giles, John A. 39
Goldenthal, Col. Mitchel, USA 134
Gould, Maj. Gen. Gordon T., Jr., USAF 28, 156, 157
Grant, Lt. Gen. Harold W., USAF 132
Greeno, Gary 101
Gross, Gerald C. 79
Gunther, Frank A. 92

H

Hamel, W. Rogers 41
Hayward, Vice Admiral John T., USN 108
Helsel, F. A. 89
Hino, Col. Kenji, USA 142
Hollis, James L. 42
Hoover, Herbert, Jr. 13

J

Jaffe, Gilbert 114
James, Christopher 130
Johnson, Lyndon B. 100
Johnson, R. W. 113

K

Kay, Col. M. E., USAF 12
Kelley, Dr. Albert 151
Kelley, R. A. 46
Kertz, H. L. 20
Klie, R. H. 105
Knoll, Rear Adm. Denys W., USN 111
Kulinyi, Robert A. 55
Kurtz, Howard G., Jr. 152

L

Latter, R. F. 23
Ling-Temco-Vought 161

M

Machover, Carl O. 62
Malone, Col. Robert R., USAR (Ret.) 35
Mannix, John F. X. 126
Mark, Lt. Col. Albert, USA 18
McConnell, Gen. John P., USAF 143
McDonald, Adm. David L., USN 140
McFall, Russell W. 121
Meyer, Maj. Gen. Richard J., USA 145
Meyers, Ray 10
Miller, The Honorable George P. 83
Miller, R. N. 81
Miller, S. E. 122
Miscoski, Vincent T. 21
Moorman, Maj. Gen. F. W., USA 51
Morris, Robert 95
Morse, The Honorable Robert W. 116, 118

O

Oakley, Owen H. 44
O'Connell, J. D. 78
O'Neill, Maj. Gen. John W., USAF 63
Orlowski, Edward S. 91

P

Paroulek, Emil F. 129
Paschall, Col. Lee M., USAF 15
Peppiatt, Dr. Harry J. 112
Pierce, Dr. John R. 40
Pochyla, Maj. Gen. B. H., USA 155

Q

Quackenbush, R. Adm. Robert S., Jr., USN (Ret.) 14

R

Reilley, Col. O. K., USAF 66
Rice, C. I. 147
Rigg, Col. Robert B., USA 37
Rosen, Herb 31

S

Sabye, Norman A. 61
Scharffenberger, George T. 86
Schecter, Donald A. 19
Schlichter, E. S. 104
Schmidt, Capt. Peter B., USA 137
Schooley, C. Earl 70
Schriever, Gen. Bernard A., USAF 99
Scroggs, Col. John P., USA 106
Shortt, Major Gilbert E., III, USAF 158
Sides, Adm. John H., USN (Ret.) 87
SIGNAL Staff Report 1, 2, 3, 22, 33, 34, 52, 64, 73, 76, 77, 102, 124, 133, 136, 153
Skeath, Lt. Col. Marvin A., USMC 120
Smith, Jared S. 54
Snodgrass, James M. 36
Stevens, Rodney A. 4
Strom, Charles A. 123

T

Treadwell, Captain T. K., USN 138
Tressler, Dr. Willis L. 53
Trotter, Dr. Herbert, Jr. 97, 98
Trueger, Paul M. 45

U

United States Air Force 6, 9, 17, 27, 29, 30, 38, 43, 47, 56, 57, 58, 60, 67, 71, 84, 148, 149

V

Vaughn, Col. K. L., USAF 159

W

Ward, John E. 48
Wasson, Raymond A. 69
Watters, Dr. H. J. 82
Weeks, R. Adm. Robert H., USN 107, 109
Welsh, Dr. Edward C. 139

Y

Yoshpe, Dr. Harry B. 93, 94

Z

Ziegler, Dr. Hans K. 26
